Explore Naples Village Trails

The quaint village of Naples has so much to offer year round! Located 3 miles south of Canandaigua Lake, Naples is situated in a glacier-made valley surrounded by majestic hills. Naples is like no other town in the Finger Lakes, boasting a reputed 18 hole golf course, a live theater, wineries, breweries, a distillery, shops and top notch restaurants. The "trail experiences" in this brochure are meant to showcase many of these various aspects giving you the opportunity to stroll our history, our businesses, and our natural beauty.

"Naples Village Trail Experiences" is sponsored by Explore Naples NY™. The hikes are compiled of various existing trails including Madeline Barton Memorial Trail, Finger Lakes Trail, Matt's Meander and various streets in town. Explore Naples NY™ is a new not-for-profit group that seeks to uncover and unleash the potential success of Naples as a destination. From nurturing new entrepreneurs, to promoting and preserving our historic past, to sharing the various elements and activities our village holds, we think Naples is a Finger Lakes must visit.

Woodland Romance Trail:

Hike this beautiful trail through a mature forest above the scenic Naples Creek. Re-enter civilization onto side streets, making your way back to Main Street Naples, passing by the iconic Naples Hotel & other village shops.

The Pour Tour:

If your idea of a "walk in the village" includes adult beverages, this trail is for you – Including wine, brew and spirit tastings at the places they were crafted.

Water Walk @ Grimes Glen:

A one-mile creek walk includes two iconic waterfalls and impressive gorge walls. Much of this stroll is through a few inches of water – so be sure to wear water shoes! A local treasure no matter the season!

Rainbow Trout Trail:

This leisurely stroll along a Naples Creek is a great nature hike, dog walk, or creek-side fishing. Every spring, Rainbow Trout leave Canandaigua Lake to spawn in the creeks and tributaries in and around Creek, making it a popular place to catch these beautiful fish.

Long Haul Trail Run:

Our longest village treks, great for trail running or a slow-paced excursion. This hybrid trail is half nature-walk and half sidewalk. The loop trail circles the Naples Village perimeter. Perfect for the fitness buff and outdoors enthusiast!

EZ XC Ski Trail:

Relaxing cross-country skiing, snowshoeing, or even a warm weather stroll. It includes the perimeter of the Naples Community Park and a section of Matt's Meander through the forest and along Naples Creek.
